

# **NAVIGATE THE LOGISTICAL MAZE**

with approachable expertise

---

We'll guide you out of the logistics maze  
simplifying the path for your business to grow.

## Who We Are

Backbone Global Logistics, a Mumbai-based company, was founded with a strong determination to redefine industry benchmarks. We are the reliable backbone that keeps your shipping and logistics operations strong. Our expertise lies in providing efficient services for customs clearance, freight forwarding, international shipping, import and export operations, and comprehensive documentation. Backbone Global Logistics facilities cross border shipments for sample and commercial shipments for more than 220 countries. We combine passion with competitive pricing, ensuring excellence at every step. We go the extra mile, breaking barriers to deliver extraordinary service tailored to you. We take pride in offering top-notch quality services at competitive rates, constantly striving to exceed your expectations. Trust Backbone Global Logistics to support your business growth while you pave the way for success.

## Our Aspirations

**Mission:** We are dedicated to providing you with a positive and dependable experience, continuously raising the bar for professional service within the industry.

**Vision:** We strive to be an indispensable entity in the logistics industry, consistently delivering optimal service to our valued clients.

## What Sets Us Apart

An experienced team of exceptional service

Transparent service operations

No hidden cost because honesty is important

24x7 client support.

Strong network across the USA, South East Asia, China, Gulf, Africa, Europe, Mediterranean countries and South America.

### Amit Kumar Sharma

Founder & Director

*Industry Experience 18 Years.*

## Our Expertise

- **We Smooth the Way for You:**  
We take care of all customs compliance, regulations, and procedures, ensuring a seamless path for your cargo.
- **We Extend the Options for You:**  
Air or sea cargo, LCL or FCL, export or import, we offer a diverse selection of services along with courier service and logistics of frozen food.
- **We Take Charge of your Journey:**  
Through our comprehensive multimodal transportation system of air, land and ocean transport, we oversee every aspect of your shipment's movement.
- **We Tackle Challenges:**  
Our expertise in handling oversized cargo allows us to optimize transport routes, manage local documentation, and handle customs formalities with confidence and efficiency.
- **Your Endeavors are our Endeavors:**  
We have experience and expertise in handling project cargo needs meticulous planning, precise timing and specialized transport equipment.
- **We Take Care of Collection and Delivery:**  
We handle the entire process of pickup and drop-off. Our door-to-door delivery and pickup services ensure quick and secure transportation.

## Our Enhanced Offerings (VAS)

### Palletization

We prioritize the safety and careful dispatch of your cargo. We take great care of your valuable shipment.

### Fumigation

We take steps to eliminate or prevent infestation by insects or pests that could lead to the deterioration of your cargo. We understand the importance of your shipment.

### Warehousing

We offer comprehensive solutions with advanced monitoring systems to ensure the worry-free storage of your cargo. The safety of your shipment is our utmost priority.

### Temperature Controlled Logistics

We ensure precise temperature management, safeguarding temperature-sensitive goods, before & during transportation, and preserving their quality and integrity. We also have cold storage facility.
